

Parent's Online Safety Hub from The Key

The Key is a trusted source of up to date information that is used by school leaders across the country. The resources that are included on the website are regularly updated to include the most recent national safeguarding issues.

Below you will find a link to the Parent Online Safety Hub which includes links to several invaluable resources including:

- Interactive guide for setting parental controls on the most common devices that children use including different types of phones, a Playstation and a Nintendo Switch.
- Fact Sheets designed for parents which include tips on how to keep your children on several different online platforms including Minecraft, TikTok, Roblox, Snapchat, What's App, Youtube and more.
